Candy Grind
Life in Motion...
2011 Winter Collection

LIFE, LIVE

Every product we make tells part of our story. It's a story lived with friends and shaped by drop-in ramps, powder days, and chairlift conversations. It's also a story of crafting products driven by purpose and design.

As a shred-driven company, our focus has expanded through the years to better meet the needs of our lifestyle. From gloves to Shred Fit hoodies, we want to rock goods that embody our commitment to loving life.

As CandyGrind continues to evolve, we remain dedicated to crafting the best products in the world, products for life in motion.

SHELLY JACKET

The Shelly is designed for the streets, yet capable of spring park laps. A stash pocket and headphone guide lets you rock tunes without getting dogleashed. When the wind whips, zip up and enjoy the hood. Ribbed cuffs, zip pockets, and custom embroidery provide our signature quality style.

SWEATERS

Whether you're lapping the park or lounging at home, our Shred Fit sweaters are eager to spend some quality time with you.

ZIP HOODIES

Nothing beats a good, solid hoodie. Our prewashed, preshrunk, heavyweight hoodies are in a league of their own. Our Shred Fit is a CandyGrind original. Reinforced thumb holes help keep snow from sliding down your sleeves. Our hoodies also feature more storage space than your buddy's flophouse. Stash your shades in the Marsupial Pocket inside the hood and put your keys and wallet in the YKK zippered pockets.

Five years in, the journey continues. We have a few more napkin sketches, powder days, and products to our name. None of this, however, would be possible without the support of our family and friends. No chairlift is large enough to hold this crew and no words can express our gratitude.
